Intensifier®

COLOR IN LOW LIGHT
WITHOUT IR LEDs

Turn On The Night!

With Intensifier® available in IP and HD-TVI technology, customers do not have to worry about losing the visibility of images in variable lighting conditions. These cameras amplify existing light with no distance limitations. All objects display with remarkable clarity under minimal light conditions.

Why Flexible Intensifier® Technology?

Speco Technologies' Flexible Intensifier® Technology cameras, available in both IP and HD-TVI, were designed to fit virtually any lighting application: color in low light with Intensifier® Technology, monochrome without IR LEDs in low light, and monochrome with adaptive IR LEDs in almost complete darkness.

Truly adaptive to variable lighting conditions, the Flexible Intensifier® Technology cameras utilize each unique technology to ensure a clear and vivid image is retained regardless of the level of ambient lighting. Each setting is customizable to the environment, such as light threshold and IR intensity, and can be remotely controlled at any time.

All Flexible Intensifier® Technology cameras are compatible with Speco's NVRs, DVRs, and Hybrid Units.

Giving You More.

FLEXIBLE**INTENSIFIER®** TECHNOLOGY

THE CAMERA FOR **ANY LIGHTING APPLICATION**

O8FD4M

IP 4K MICRO SD SLOT WDR IP67 IK10

4K H.265 IP Camera with Included Junction Box

3.6-11mm **motorized** lens with auto focus

Customizable included paintable, snap-on Chameleon Cover™

O8FB7M

IP 4K MICRO SD SLOT WDR IP67

4K H.265 IP Camera with Included Junction Box

3.6-11mm **motorized** lens with auto focus

IP Camera Features

Available in 4K, 6MP and 3MP resolution
Built-in standard PoE (IEEE 802.3af)
True WDR operation
2-way audio communication
Conformant with ONVIF Profile S

HD-TVI Camera Features

4MP HD-TVI cameras record @ 30fps over coax
Signal distance up to 1600 ft. (depending on coax quality)
True WDR operation
Full OSD operation through onboard control and UTC
Additional analog output for 960H

O6FD4M

IP 6MP MICRO SD SLOT WDR IP67 IK10
