How to do email setup on the O2TML?
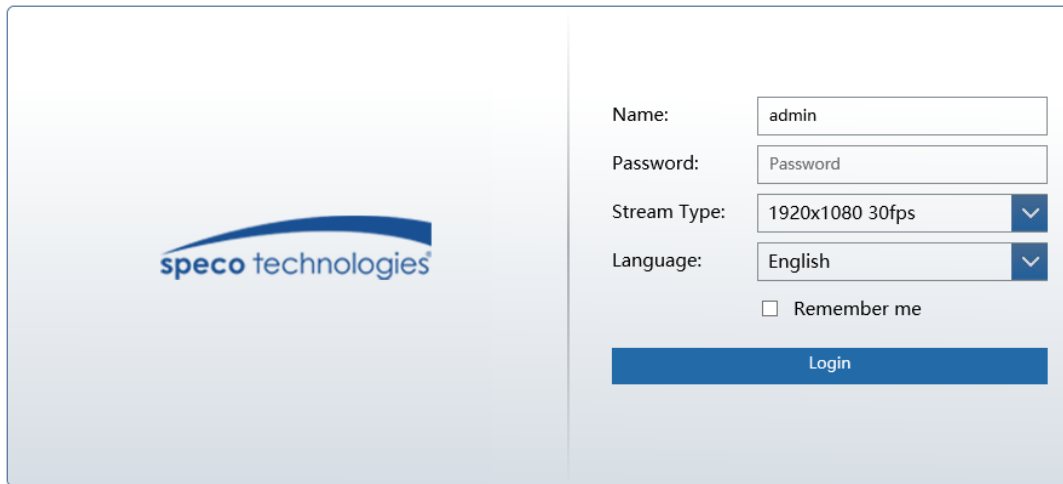

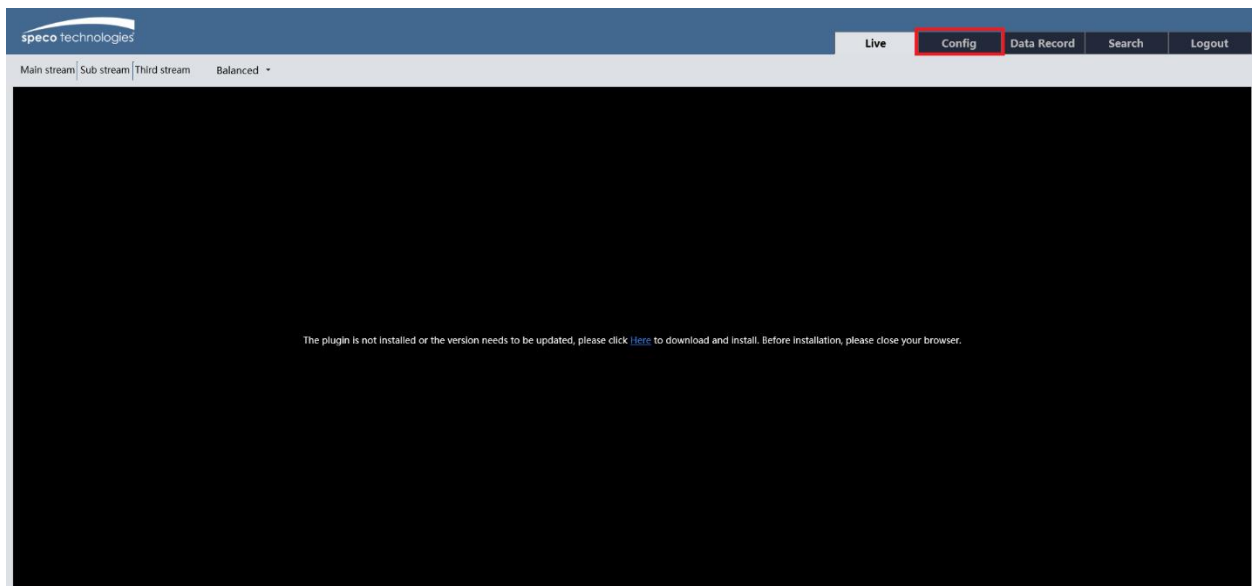

1) Open internet explorer and type in the **IP address** of the **O2TML**. You will get a login page, as shown below.

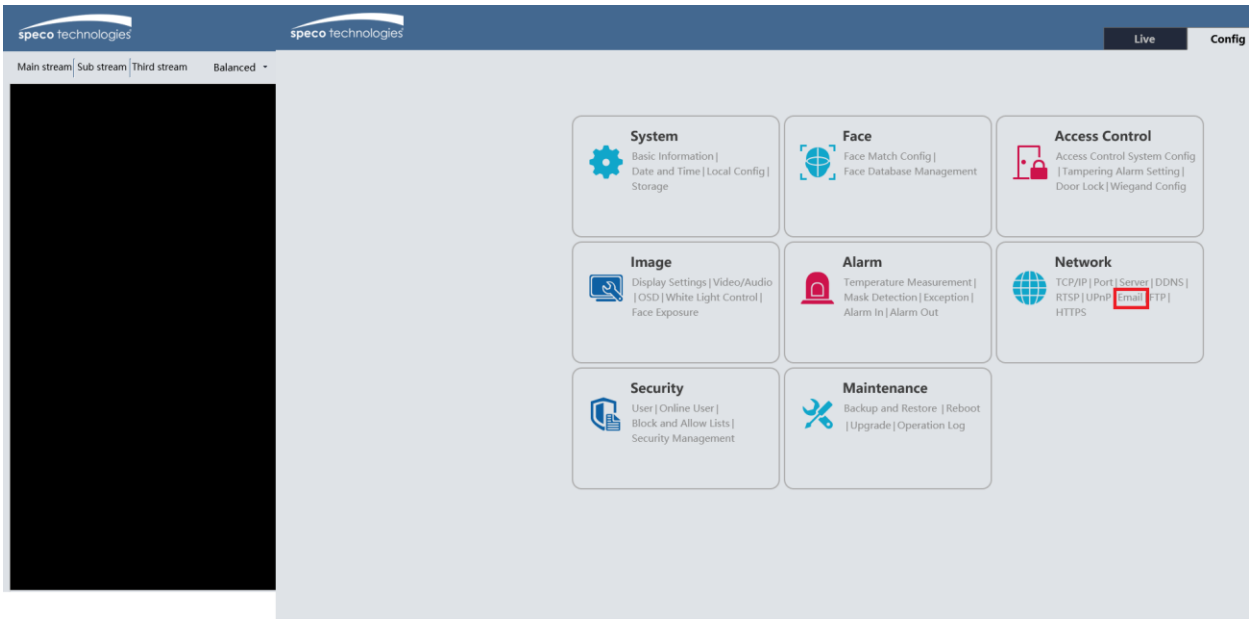

2) Click on config on the **upper right-hand** corner to get into the **configuration** of the **camera**.

3) Under the *network* tab, click on the *email* to get to the *email setup*.

4) Fill out the *email information*, as shown below. *Remember* to make sure *less secure* apps are *enabled* in the email account settings.
