Speco Technologies

License Plate Recognition
Analytic cameras that can detect, recognize, and alert on license plates that enter/exit your property. Build a searchable database of plates to keep your business secure.

IP Audio
Speco's IP Audio allows easy installation with a single network cable (PoE). These speakers offer a scalable system to build on with a sleek look and premium sound quality.

True Wide Dynamic Range (WDR)
Provides clear imaging when the foreground and background of a scene varies greatly in brightness (i.e. vestibules)

Speco Access
The secure, self-contained access system is designed for small & mid-sized applications and delivers many enhanced features.

People Detection
Analytic cameras that can capture imaging of people that enter your property and save them. Be alerted when a person enters the scene.

4K Cameras
See small details in the scene with a clear digital zoom.

Value Line Cameras
Virtually "draw" a line and be alerted when that line is crossed.

Specialty Cameras
Niche cameras that are perfect for unique applications.
