BECOME A CLOUD PARTNER

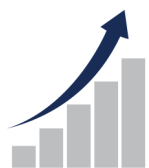

Benefit from a **recurring monthly revenue** opportunity

speco
technologies

Speco Cloud

Speco Technologies is proud to introduce our Cloud Partner program designed for security integrators looking to expand their product offering with video and audio recording to the cloud. Cloud storage is what the industry is demanding and Speco Technologies is delivering our most advanced product to date: Speco Cloud.

The Speco Advantage

Profitable

Our recurring monthly revenue service plans are competitively priced for increased profitability.

Ease of Use

No hassle Plug-n-Play, QR code technology makes set up a breeze and minimizes service calls.

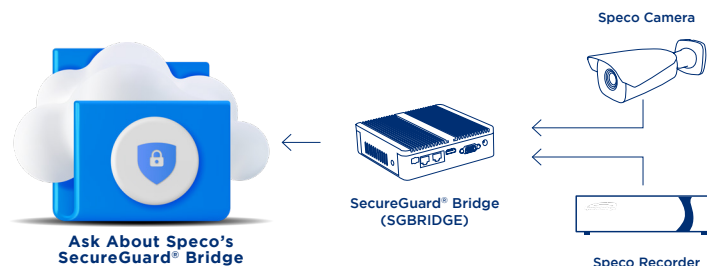

World Class Support

Technical support is provided in the US out of our New York headquarters and has extended hours to meet the needs of all time zones.

Protect What Matters Most!

The Bridge to the Speco Cloud

Speco Cloud-Enabled IP Cameras
