Around the Clock Video **Monitoring & Verification**

Built Around Your Business

Speco delivers more than products. Every solution is designed to help dealers, distributors, and integrators install faster, reduce service calls, create recurring monthly revenue, and build stronger customer relationships. Whether you're deploying a single recorder or managing enterprise projects, Speco provides the products, software, and support to help you win more business.

Install Faster
Reliable products designed for efficient deployments and everyday installations.

Reduce Truck Rolls
Remotely manage systems, monitor device health, and resolve issues before they become service calls.

Generate RMR
Turn every installation into an opportunity with cloud services, remote management, and monitoring-ready solutions.

Grow with Speco
Custom marketing, dealer training, private labeling, U.S.-based technical support, and sales resources designed to help your business succeed.

Built for Dealers. Backed by Solutions.

Digital Deterrent® • SecureGuard® Cloud • Advanced Analytics • Video Verification • Commercial Audio • Access Control

Solutions That Work Together

Every product in this catalog is part of a larger ecosystem designed to simplify installations, improve system performance, and deliver more value to your customers. From intelligent cameras and recorders to cloud management, monitoring integrations, and proactive deterrence, Speco solutions are built to work together.

Digital Deterrent®

Help stop incidents before they happen with intelligent analytics, flashing lights, white light illumination, and customizable audio warnings.

SecureGuard® Cloud

Manage multiple sites from one platform with remote access, cloud services, system health monitoring, and centralized user management.

Advanced Analytics

Reduce false alarms and improve response with intelligent detection for people, vehicles, facial recognition, and license plate recognition.

Dealer Resources

Every partnership includes more than products.

- Custom Marketing
- Private Label Programs
- Technical Training
- U.S.-Based Support
- Sales Tools & Resources

Products That Do More.
Solutions That Grow Your Business.

Introducing

SecureGuard® Cloud

Powered by speco technologies

Learn more about **SecureGuard® Cloud** HERE

TURN EVERY INSTALLATION INTO RECURRING REVENUE.

SecureGuard® Cloud is a powerful, easy-to-manage video management platform built for dealers and installers who want to create recurring monthly revenue, reduce service costs, and deliver a better customer experience.

Turn every installation into a long-term revenue opportunity with cloud services your customers actually need.

Diagnose issues remotely, monitor system health, manage devices, and solve problems without leaving the office.

View and manage customers across multiple locations from a single platform.

Become more than an installer. Become a trusted technology partner with ongoing service and support.

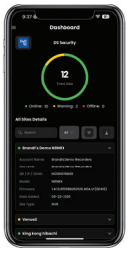

Add new locations, users, and devices without increasing operational complexity.

ONE LOGIN. ONE PLATFORM. TOTAL VISIBILITY.

SecureGuard® Cloud brings cloud recording, system health monitoring, remote device management, user administration, and multi-site visibility into a single easy-to-use platform.

Multi-camera viewing lets you keep track of multiple sites at once.

Device health management tools keep you informed of outages and areas of concern.

Review and download recorded footage from the cloud to your device with full event timelines.

SEAGATE X speco technologies

Optimized Performance
For network setups in homes or businesses, NAS hard drives offer consistent and dependable performance because they're designed to operate around the clock.

Energy Efficient
Designed to consume less power, NAS hard drives help reduce energy costs while maintaining high performance and reliability.

Scalable Storage Solutions
Seagate NAS drives provide scalable storage solutions, making it easy to expand storage capacity as your data needs grow.

Remote Access & Collaboration
Experience remote access, seamless collaboration, and secure file sharing with Seagate NAS drives.
